HIGH SCHOOL NEWS

President R. J. Dowdall presided at an interesting meeting of the Board of Trustees of the high school last Saturday afternoon. The returns of the bond election were canvassed and the question declared lost.

Professors Montgomery and Lewis were re-elected to their former positions. The remaining places were not filled at the time owing to the fact that the Board decided to establish a commercial course and will endeavor to find a well qualified teacher for the place who will be able to teach some of the regular high school branches as well.

It will be remembered that Miss Maud Fraser resigned some weeks ago. Miss Meyer will probably be re-elected when the commercial course teacher is selected.

Nothing definite was done regarding the repair or the rebuilding of the high school house.

Death of Mrs. Bernard

News reached here Saturday of the death of Mrs. J. A. Bernard which occurred at the St. Helena Sanitarium where she had been taking treatment for some time past. Everything that could be done to ease her suffering and prolong life was done but to no avail.

The sympathy of the community goes out to the bereaved husband and relatives in their sad loss. A good woman, a true and noble wife has gone to her heavenly reward.

The remains were taken to Los Angeles for interment.

Had a Fine Time

The Dunbar Improvement Club anniversary dance given last Saturday evening, was a decided success in every way.

There was a large crowd present and the jolly good time lasted until a. m. the following morning.

Frank Lemoine, a generous and enthusiastic member of the club, donated the refreshments, consisting of ice cream, cake, coffee, sandwiches, etc. Mrs. Lemoine and daughter, Miss Lemoine, kindly served the refreshments to the crowd.

The Club is to be congratulated on the success of the affair, socially and financially.

Teachers Re-Installed

Prof. G. C. Conger, vice principal of the Santa Rosa High School and Miss Kate Grace, also a teacher in the schools there, were re-instated at a meeting of the Board of Education held last Tuesday evening. They had been dropped at a former meeting but by petition a large number of people demanded the re-instatement of the deposed teachers, and the board yielded to the demand.

Accidentally Shot

The combination of a shot gun and a small boy was the cause of a painful and nearly fatal accident last Sunday.

Calvin Doss, the twelve-year-old son of Joseph A. Doss of Sonoma Mountains, was shot by his younger brother in the shoulder and seriously hurt. The gun was discharged unexpectedly, and but for the fact that Calvin Doss happened to be stooping at the time, picking up a shell he had dropped, he un-

doubtedly would have been killed. His condition is serious, but it is hoped that no complications will set in and that he will soon be all right again. The younger brother Oliver, ten years of age, is almost distracted with grief over the accident.

THE NOLAN CASE

The investigation of the charges against W. C. Nolan began Tuesday before the County Board of Education in Santa Rosa. The Supervisors room in the temporary court house is being used for the purpose. A number of witnesses have been subpoenaed from Sonoma, and many have already testified.

The trial is being conducted behind closed doors and no reliable reports of the testimony are obtainable at present. It is probable that the hearing of the matter will take considerable time and it will be several days before the testimony and findings will be made known.

On Thursday evening the Board adjourned until next Tuesday. Mr. Cox, one of the members, had to be absent for a day or so. The hearing of the matter will be again taken up on that day.

When all the evidence shall have been taken, the same will be forwarded to the State Board of Education, who will review the same and render a decision.

Rev. Tallman Here

Rev. H. C. Tallman, the veteran minister and his wife, passed through Sonoma on Monday on their way home from the Green Valley Camp meeting. He took time when passing to make the Expositor a pleasant call. Mr. and Mrs. Tallman's many friends will be pleased to know that they are enjoying the best of health.

BUSINESS CHANGE

On Monday last the formal transfer of the Sonoma French Laundry took place. Mr. Loustalet selling the plant and business to Mr. and Mrs. A. Rouquette, of San Francisco.

Both Mr. and Mrs. Rouquette are skilled and experienced in the laundry business and will no doubt maintain the Sonoma French Laundry's high standard for fine work at reasonable prices.

We bespeak good success for the new proprietors who have secured a long lease of the building and expect to make Sonoma their permanent home.

Dearth of Boxes

A scarcity of fruit boxes is seriously interfering with the shipment of fruit, principally apples, at the present time in this valley.

According to a statement made by Bato & Son, the lack of boxes is a serious problem, and results from the destruction of the box factories by the recent fire in San Francisco. In other sections of the county similar complaints are made. Efforts are being made to remedy the shortage and all kinds of boxes are being utilized.

Miss Maud Fraser

Miss Maud Fraser formerly of the high school faculty here, was offered and has accepted a position in the Fruitvale schools. The position is a very desirable one and she will be greatly missed in Sonoma. Her host of friends are pleased to hear of the performance her ability has won in her chosen profession.

Three Pioneers

Jack Fuller, for many years Mayor of Napa, Q. C. Fly Supt. of Napa Co. Farm and Martin Buckley, also of Napa, three pioneers of California, were in Sonoma last Saturday on business. While here the gentlemen renewed acquaintances and recited many interesting reminiscences of the days of '49.

The Big Little Three

The 'Big Little Three' are coming to the valley and will give a series of shows under the auspices of the Sonoma Valley Woman's Club. They are high class show people and will be heard with pleasure.

For a nice cool drink in a nice cool place go to the Globe Saloon in the Ticino Hotel on Spain st.

GLEN ELLEN

Mr. and Mrs. Wm. Speaker are the proud parents of a bouncing baby boy which event transpired last Sunday. We are glad to note that mother and son are doing nicely and that papa Speaker will soon be well out of danger.

J. W. Gale has purchased the barber business of John Cozad and will remove to his new location in a few days.

The Calif. N. W. Ry. Co. placed 105,000 young trout in Sonoma creek at this place last Wednesday. Wooding's paint shop on Spruce Ave., is rapidly nearing completion.

N. S. Bonbright has been appointed Rural Delivery Carrier vice W. H. Youngman resigned. John H. Quien has been appointed substitute carrier.

Miss Jeanette Rene, formerly of San Bernardino, has been engaged as teacher in this district. School will open August 13 of next year. Sam Dakin's painting of an Indian at the graphophone store. Sam can do some fine work.

Mr. Poppe Re-Elected.

Much important business was transacted at a meeting of the Board of Directors of the Eldridge Home last Friday and Saturday. Plans and specifications were adopted for the new girls' cottage to be constructed of steel and reinforced concrete, at an estimated cost of \$16,000.

Major C. E. Haven and Wm. Lyons, who were re-appointed directors, presented their commissions from the governor.

Robert E. Poppe, who has served three terms as president of the Board, presented his resignation in order that the members might select whomever they chose to be their presiding officer. His resignation was accepted, and he was unanimously re-elected to the position for the fourth time.

PROF. HANCOCK

The two nights engagement here of Prof. W. H. Hancock, proved to be extra good and the house was crowded.

Prof. Hancock certainly deserves the title of the "Great Mystifier." He captivated his audience and his interest and attention never lagged throughout the entire program. His feats of magic and mind reading are simply marvelous and place him in the front ranks of entertainers.

The people of Sonoma who heard Prof. Hancock and his wife are unstinted in their praises of his skillful and entertaining work. His two nights show here was highly successful and pleasing in every way.

Got off Lucky.

Ed Parquet, a San Francisco policeman, on a leave of absence, is spending his vacation in Sonoma Valley. He was riding last Sunday afternoon with his wife, his mother-in-law and another lady and her little boy. This lady who was sitting in the front seat had a dispute with the policeman, who administered to her a horrible beating with his fists. The lady was ejected from the rig and left in the road. She was assisted to her stopping place and her injuries attended to. A warrant was afterwards sworn out and Parquet was arrested by Constable Ryan and brought before Justice of the Peace J. B. Small on Wednesday. After a brief trial he was fined \$20, which was paid.

Sunday School Pic-Nic.

The teachers and pupils of the M. E. church Sunday school had an enjoyable picnic in Maxwell's grove last Tuesday. There were games and races for young and old, and suitable prizes were given to the winners. A literary and musical program was also rendered. A delicious luncheon to which ample justice was done, was served at the noon hour.

Campbell Place Sold

The beautiful home place of B. F. Campbell east of town has been sold to Mr. C. Soderberg, who will take possession on Aug. 1st. The Campbell place is one of the best kept and most productive fruit farms in the valley.

SONOMA COUNTY NEWS

On Monday afternoon Fred Thurber, the bricklayer who was caught redhanded while burglarizing the Sotoyome Hotel and other places in Healdsburg, was sentenced to serve 18 months in San Quentin prison by Judge Burnett.

Allen B. Lemmon of Santa Rosa, has been reappointed by Gov. Pardee as a member of the State Library board. C. E. Haven, also of Santa Rosa, has been reappointed a member of the board of directors of the Glen Ellen home for feeble minded.

The Sonoma County Co-operative Poultrymen's association adopted resolutions at a recent meeting, deprecating the action of San Francisco commission men who have recently encouraged the shipment of large quantities of poultry and eggs from the east, thus killing the market for the local product.

It is probable that there are some prospective candidates for the coming year. Dozens of announcements have been made in some counties and nominations have been made in others. It will be rather remarkable if voters in this county have to go out to the highways and byways this year in search of candidates for the coming political campaign.

Elvira Gray, the Indian maiden who was recently the cause of an Indian fracas at Sebastopol, is in more trouble. On Sunday she was brutally beaten and kicked by two bucks, who have been tampering gently with the juice of the grape, but they were not gentle when they attacked Elvira, according to her story. The trouble occurred at the Farmer hop yard, across Santa Rosa creek.

The Rev. Father Cleary, who for the past thirty years has been pastor of the St. Vincent Church, Petaluma, has resigned from that pastorate on account of ill health. The Courier in speaking of his retirement says there is not a citizen who is more beloved and the faithful and gentle old priest, who always worked earnestly and hard, always attended to his duties and helping those who are in need. He will continue to make his home at the parish in Petaluma.

While attending a party on Saturday, Manuel Carillo of Green Valley, was seized with cramps while bathing in Russian river near Mirabel park, and drowned. The man had partaken of a party picnic dinner a short time prior to entering the water, and this is believed to be the cause of the cramps. Coroner Frank L. Blackburn held an inquest and the verdict was one of accidental drowning.

There were 79,185 apple trees shipped into the county for planting, mostly from Oregon and stock was generally in good condition, but our experience is that it does not pay to grow fruit growers to go very far to get stock to plant. change of climate and great. Our nurserymen are growing stock from year to year for replanting, and if you don't patronize them, why not?

A writ of habeas corpus has been obtained from the Appellate Court in the case of C. C. Williams, one of the men convicted of conducting slot machines at Petaluma. Justices signed the writ, and it is returnable next Saturday. At that time the court will pass on the merits of the contention raised by Attorney T. J. Butts, that slot machines pay- ing winners in cigars and tobacco do not come within the prohibition of the statute against gambling devices.

Horticultural Commissioner G. N. Whitaker reports that there has been a heavy frost in the following nursery stock for the past winter: Two hundred and six thousand six hundred and thirty-nine, consisting of apples, cherries and pears, and in addition 139,000 budded and grafted nursery stock for planting, consisting of apples, pears, plums, cherries, prunus, nectarines, oranges and Also 484 nut-bearing trees and a vast number of ornamental trees and plants. This does not include nursery stock of any kind grown by the county. The above enumeration of all that was caught by the inspector's eye.

PLEADS NOT GUILTY

Judge Burnett Monday morning denied the writ of habeas corpus on behalf of Felice Del Carlo, who entered a plea of not guilty to the charge of burglary. He entered a plea of guilty of prior conviction. The court set the trial of the case for August 2. E. De Bernardi acted as interpreter at the hearing before the court.

S. P. and C. N. W. to Connect at Santa Rosa

Some time ago it was stated in
this paper that the lines of the
Southern Pacific and California
Northwestern railroad companies
were to be joined here by running a
spur around from the depot termi-
nal of the southern Pacific in this
city through the railroad and the
Ridgway properties connecting
with the California Northwestern
a little way north of the Noonan
Company's slaughterhouse.

The work of constructing the
connection is to commence very
soon, and the posts for the right
of way fence are already at the
depot here. It is understood that
there will be very little delay in
the construction.

The Southern Pacific railroad is
also ready to move the cattle cor-
rals and oil tanks outside the city
limits.

The connecting of the railroads
will cut off the necessity of hauling
eastern and southern California
freight clear around by Ignacio
and Schellville to connect with
the S. P. there. Freight from
Petaluma for eastern points will
be also brought here and transfer-
red to the other road. All the
freight from northern Sonoma,
Lake and Mendocino counties, and
when the railroad is extended,
also from Humboldt county, will
be similarly saved and consider-
able time and expense will be
saved the railroad and the shippers.

California Complimented.

tory department of the California
state university has been chosen
to succeed Wm. T. Harris, an in-
ternational celebrity in educational
matters, in the highest educational

S. Commissioner of Education.

This is certainly a compliment to
California and is a good proof educa-
tion in the "wild and woolly west"
is not so backward after all.

One might suppose that a long-
haired Solomon from Busi g might
have been chosen.
